FOREWORD

In this time, when the world is looking up to the sky, to the future, we as Seniors also look up to our goals and ideals and to the time when we will have achieved them.

As we leave these familiar surroundings, we look back to the past from where we came. We hope that in future years we will all be able to look down from our achieved goals, back to our high school years, and page through this book remembering

It is with extreme pleasure that I take this time and space to congratulate the seniors and the underclassmen for their fine efforts in making this a successful school year. It is indeed challenging times which all of you must face in the future. How well each of you meet this challenge and conquer your problems will be determined by how well you have mastered the necessary tools of learning which are at your disposal. Some of you will go on to college or other areas of further preparation for your life's work while others of you will enter society and compete immediately. Regardless of your intentions, we of the East Troy faculty wish you the best in whatever field of endeavor you may enter.

Sincerely,
Mr. Rieben

CLASS PROPHECY

YEAR: 1970

PLACE: World

East Troy High School's class of sixty three has been out in the world for several years. Some of them have found their places in society; others are still searching. Let's sneak a look and see what everyone's doing.

First of all we find Dave Roller running his own bookstore out in San Francisco. Sue Ketterhagen and Bonnie Ludtke manage to get out to the West Coast once in a while, too. They're airline hostesses. Diane Bolton is in New York, modeling.

Lynn Scheel we find in Tanganyika. She's a nurse in the Peace Corps.

Bob Dingman is still around E.T. He's married and has seven children! Tom Lock is teaching Business Law at the High School. Barb Mahnke is the school nurse.

Ken Wieleder is playing guard for the Green Bay Packers. Audrey Stoddard runs a Health Club, and Tom Byrnes has become a big name 'R n 'R singer.

We find Pat Beck married to Keith Bernau, and Tom Brehm is a lumberjack. He's learning his father's business from the bottom--up.

Kathy Markham is an office worker in Hawaii, and Mark Peterson is a scientist for the government.

Frank Abbrederis is a representative to the State Assembly; Terry Malcolm to the Senate.

Barney Bong is with the Electric Company, and Gary Gerow is a gas man.

Jack Gracey is living up in the Northwoods, and Gail Heywood has become quite a sportswoman.

Brian Justin we find winning on the golf course; Karen Spaight is a professional tennis player.

Elaine Olson is married now and living in Japan. Don Trampe is in the Air Force.

It seems the class of '63 has done all right for itself in the last seven years

Joyce Riek is secretary to Bob Kilpin, who is managing his own firm. Rich Colvin is a Business Representative for this well-known company.

Sharla Walker is giving advice to potential knitters. Dwight Weber is teaching boxing in a gym in Milwaukee.

Elaine Zachow we find in Greenwich Village. Tom Schwartz is a sculptor there.

Carol Stefanski is spending her time in the South. Conversely, Sandy Sloat is spending her time doing scientific research in the Arctic region.

Bob Pauly's a well-known bouncer at Muskego Beach and we find Sue Atkinson a well-known T.V. personality.

Dan Riese is a famous matador; Mike Prescott's in charge of the bulls.

Kathy Branfort's guiding safaris in Africa. Dave Chevalier has been advising the President on our African policy for two years now.

Penny Rohleder is playing her bassoon in the Boston Pops Orchestra. John Rogers has a band of his own.

Kathy Schultz is in South America teaching Spanish to the natives; Dianne Kornoff is her assistant.

Mary Rice has become an enthusiastic supporter of Dan Gallagher, who has become an important advisor to the Governor on equality in Wisconsin.

Alan Rosen we find the author of that new best seller, "Slaughter in the Stockyards." Linda Ludtke also has a potential hit with "My Twin and I." Cheryl Dawe is the publisher of these two.

Mike Larson is an expert on hot engines and has been driving in races for the past four years; Judy Hall runs her own Go-Cart track.

Bill Carpenter has been working on a new type of firecracker.

Dorothy Edwards has become a woman policeman. Gary Jones is a motorcycle enthusiast and Ann Heimerl has been entertaining us for five years on T. V., radio, and the movies. She always did have a knack for wit. . .

Well, we have
finally struggled through
our last year. I almost
thought I wouldn't make it
through Physics. Boy, that was
a rugged one.
